3. Category details

3.1 Endeavour Queen Elizabeth II Diamond Jubilee Scholarship (Australians only)

The Endeavour Queen Elizabeth II Diamond Jubilee Scholarship marks the 60th anniversary of the accession of Her Majesty the Queen and will be awarded to a high achieving Australian female student who will contribute to the advancement of women's leadership in Australia.

The Endeavour Queen Elizabeth II Diamond Jubilee Scholarship will provide financial support for an Australian female postgraduate and/or postdoctoral fellow to undertake long-term research (1-2 years) towards their Australian PhD or postdoctoral research within a participating country, in any field. The top Australian female recipient undertaking research will be offered the Endeavour Queen Elizabeth II Jubilee Scholarship and its benefits.

3.2 Endeavour Postgraduate Scholarship (Australians only)

These scholarships provide financial support for Australian postgraduate students. Students can undertake long-term study or research towards their Australian qualification at Masters or PhD level, either by coursework or research, in any field. Recipients can also undertake an internship.

There are two stages to the Endeavour Postgraduate Scholarship. Stage one of the scholarship is the full-time study component for up to 12 months (one semester or six months minimum). Stage two of the scholarship is a non-mandatory internship component for up to 12 months (minimum of two months) at the completion of the study programme.

Internship

A unique aspect of the Endeavour Postgraduate Scholarship is the opportunity for recipients to undertake an internship (2-12 months, full time or part-time equivalent).

An internship is defined as 'any paid or unpaid work related to the recipient's field of study undertaken outside of their host institution and/or specific research or study group'. Internships can be with a range of organisations within one of the eligible countries. There are many variations on what the internship component might look like, including a paid or unpaid position with a government agency, local company, business or Non-Government Organisation who has, or seeks to develop links between Australia and eligible participating countries.

It is the recipient's responsibility to arrange and confirm their internship, however, they can request support from their home university and their support service provider. Recipients undertaking an internship will need to contact the relevant authority in the host country to determine whether they are entitled to work and to obtain information about visas. Recipients may be eligible to gain credit for the internship if it meets the course requirements. The credit should be negotiated with their course convenor.

Applicants are not required to have an internship confirmed at the time of application instead they are asked to indicate their proposed host(s) and dates.

3.3 Endeavour Postgraduate Scholarship (non-Australians only)

The Endeavour Postgraduate Scholarship provides financial support for non-Australians to undertake a postgraduate qualification at a Masters or PhD level either by coursework or research in any field in Australia for up to four years.

3.4 Endeavour Research Fellowship (Australian and non-Australians)

The Endeavour Research Fellowships provide financial support for non-Australian postgraduate students and postdoctoral fellows to undertake short-term research (4-6 months) towards a non-Australian Masters, PhD or postdoctoral research in any field in Australia, and for Australian postgraduate students and postdoctoral fellows to undertake short-term research (4-6 months) towards an Australian Masters, PhD or postdoctoral research, in any field, overseas.

The **Endeavour Research Fellowship for Indigenous Australians** provides financial support for Indigenous postgraduate students and postdoctoral fellows to undertake short-term research (4-6 months) towards an Australian Masters, PhD or postdoctoral research in any field, overseas.

The **Endeavour Australia Cheung Kong Research Fellowship** provides financial support for postgraduate students and postdoctoral fellows from participating Asian countries to undertake short-term research (4-6 months) in any field, in Australia and for Australians to do the same in participating Asian countries.

The Endeavour Australia Cheung Kong Research Fellowship represents a unique partnership with the Australian Government to support postgraduate students and fellows from Asia and Australia to study in each other's countries. The top five non-Australian

and Australian Endeavour Research Fellowship recipients coming from and/or going to a participating country will be offered an Endeavour Australia Cheung Kong Research Fellowship. The eligibility requirements and application process are the same as the Endeavour Research Fellowship, therefore all eligible applicants will be considered.

The **Endeavour Australia India Education Council (AIEC) Research Fellowship** provides financial support for postgraduate students and postdoctoral fellows from India and Australia to undertake short-term research (4-6 months) in each other's countries.

All eligible Endeavour Research Fellowship applicants proposing to travel to/from India or Australia as part of their research proposal will automatically be considered for the AIEC fellowship. Preference will be given to those whose research proposals most clearly align with the fellowship objectives, which include:

- progress of work and/or support for the activities of an AIEC working group in an AIEC thematic area, and/or
- support for the mobility of researchers and the fostering of links that will underpin the bilateral relationship into the future.

One Indian and one Australian researcher will be offered an AIEC fellowship. If it is not possible to offer one Indian and one Australian, either two Indians or two Australians will be offered.

Information about the AIEC can be found at www.australiaindiaeducation.com

3.5 Endeavour Vocational Education and Training (VET) Scholarship (non-Australians only)

The Endeavour Vocational Education and Training (VET) Scholarship provides financial support for non-Australians to undertake vocational education at a Diploma, Advanced Diploma or Associate Degree level in any field in Australia for up to two and a half years. Vocational education and training provides occupational or work-related knowledge and skills. The courses are directly related to a trade, occupation or 'vocation' in which the applicant participates. These courses exclude degree and higher level programmes normally delivered by universities.

3.6 Endeavour Executive Fellowship (Australians and non-Australians)

The Endeavour Executive Fellowship provides financial support towards professional development opportunities (1-4 months) for high achievers in business, industry, education or government for non-Australians and Australians.

The Endeavour Executive Fellowship focuses on learning and building skills and knowledge through a host work environment in the applicant's field or area of expertise rather than through formal enrolment in a study programme and are not suitable for academic research proposals. **Academic research proposals are more suited to the Endeavour Research Fellowships.** If the proposed programme contributes to or results in an applicant receiving a formal qualification, they will not be eligible to apply for this category.

Applicants must be nominated by their host organisation. The professional development activity must be vocationally useful while not being geared toward an immediate commercial outcome as its purpose. Professional development activities could include management training, peer-to-peer learning, mentoring or attending a conference or short course.

10. After the application process

10.1 Assessment

All applications submitted by the closing date are subject to eligibility checks. All eligible applications are shortlisted by the Department using the selection criteria. The shortlisted applications are then assessed against the selection criteria by an independent selection panel. The recommendations of the selection panel members are considered and approved by a senior executive of the Department.

The selection panels comprise of three members, appointed by the Department. Panel members include eminent academics, professionals and government representatives. Applicants should note that the personal details of selection panel members are confidential and will not be released.

Departmental staff and/or selection panel members are required to adhere to the requirements of identification, disclosure and management of conflicts of interest when assessing applications. Any conflicts of interest will be managed by a Departmental probity officer in accordance with Departmental policy.

10.2 Allocation process

The Department is unable to estimate how many Endeavour Scholarships and Fellowships there will be for any one country in any one round. The number of offers varies annually depending upon financial commitments, levels of demand and the number of meritorious applications received for each category. The Endeavour Scholarships and Fellowships are merit based, however, final selection is also required to support current Australian Government priorities and strategic policy objectives and may target specific countries and regions for the programme.

10.3 Notification of the outcome of the application process

The Department will email all successful and unsuccessful applicants regarding the outcome of their applications by the end of December 2014. Due to the high volume of applications received, the Department does not provide individual feedback on why an individual's application was unsuccessful. There may be a number of reasons why an application does not pass through to the next stage. Please see the Endeavour Scholarships and Fellowships website www.aei.gov.au/Endeavour at the conclusion of the round for the most common reasons why applicants did not receive an offer.

The Department will publish details of all successful recipients on the Endeavour Scholarships and Fellowships website www.aei.gov.au/Endeavour.

10.4 Police checks (Australian recipients only)

All Australian recipients will be required to undergo a police check before their scholarship or fellowship is confirmed. It is an important consideration by the Department that successful applicants will enhance the reputation of Australia and the Endeavour Scholarships and Fellowships overseas.

A criminal record will not automatically disqualify an applicant from receiving a scholarship or fellowship. However, if a recipient is found to have a criminal record or conviction which the Department considers would harm the reputation of the Endeavour Scholarships and Fellowships, then the Department may, in its absolute discretion, refuse to grant or revoke a scholarship or fellowship.

11. Other information

11.1 Disclaimer

The Australian Government will not accept responsibility for any misunderstanding arising from the failure by an applicant to comply with these Guidelines, or arising from any ambiguity, discrepancy or error contained in an application.

Applicants are responsible for all costs incurred in the preparation and lodgement of their applications.

11.2 False or misleading information

Applicants should be aware that giving false or misleading information to the Commonwealth is a serious offence under the Criminal Code Act 1995 (Cth).

Applications may be disregarded, offers revoked or a programme terminated if it is the belief of the Department that false or misleading information has formed a component of an application.

11.3 Intellectual Property

Intellectual Property (IP) rights will depend on the policy of the host organisation, any IP laws of the home country and any agreement which may have been negotiated between the recipient and the host organisation. The Australian Government does not require or request copies of any research material, and does not wish to maintain any IP rights. If the Australian Government does procure copies of this material and uses it in some way, it must have a license to do so. This would be negotiated in a license agreement between the owner of the IP rights, i.e. the student or the host organisation and the Australian Government. In addition, wherever any work is reproduced, the creator of the work must be identified. If a recipient has further concerns, they should seek independent legal advice about the ownership and IP rights for any research material.

11.4 Conflict of Interest

The Australian Public Service (APS) Code of Conduct (section 13(7) of the Public Service Act 1999) requires that APS employees disclose, and take reasonable steps to avoid, any conflict of interest (real or apparent) in connection with their APS employment. It is also in the interests of all employees that the firms and people we do business with are confident that we act in accordance with the Code of Conduct and do not make improper use of information.

There is also obligation under the Public Service Regulations 1999 on employees not to disclose any information about public business or anything of which the employee has official knowledge and, under the Crimes Act 1914, it is an offence for an employee to publish or communicate such information.

Applicants are required to disclose any conflict of interest that may impact on their application.

11.5 Evaluation of the programme

The Department evaluates the Endeavour Scholarship and Fellowships programme annually.

The Endeavour Online System (EOL) is used by Austraining International and the Department for performance monitoring and management. EOL is used to collect information about applicants, programme outcomes and performance (including progress and final reports). An exit survey is completed by all Endeavour recipients upon completion of their programme. It is used as an evaluative tool for a recipient's experience. It is also an opportunity for a recipient to share their personal journey. Questions in the survey reflect the objectives of the Endeavour Scholarships and Fellowships programme.

Information gathered from the exit survey is used to formally evaluate and continually improve the programme. Information is also used to create testimonials for promotional material.

Additionally, recipients are encouraged to join the Alumni Online Network and take part in programme monitoring and evaluation activities www.aei.gov.au/scholarships-and-fellowships/alumni/pages/default.aspx

Terms and Conditions for the 2015 Endeavour Scholarships and Fellowships

I understand and confirm that by accepting an offer for a 2015 Endeavour Scholarship or Fellowship, I am agreeing to abide by and observe the following terms and conditions:

1. Recipients must meet any specific conditions that are outlined in the offer letter issued by the Department and prior to the commencement of their programme, sign a contract with Austraining International formally agreeing to the conditions of their scholarship or fellowship.
2. Deferrals will not be permitted. Recipients must commence their approved programme after 1 January 2015 but no later than 30 November 2015. A delay in commencement of a recipient's approved programme to a date beyond 30 November may be considered in exceptional circumstances, where those circumstances are wholly beyond the recipient's control and only to the minimum delay possible. Pre-existing or anticipated work or family commitments, pregnancy or health issues, are not acceptable reasons for delaying commencement beyond 30 November in the year for which the scholarship or fellowship is offered. The recipient will need to decline the offer and reapply when they are ready to commence their Endeavour programme.
3. Recipients must be a citizen and/or permanent resident of a participating country and remain so for the duration of their programme. Changes in a recipient's citizenship or permanent residency status may lead to the termination or revocation of their scholarship or fellowship. Under these circumstances, a recipient may choose to continue their programme but would no longer receive funds from the Endeavour Scholarships and Fellowships programme to do so.
4. Recipients must undertake the programme outlined in their application unless otherwise approved by the Department, for at least the minimum duration and no longer than the maximum duration specified in the applicant guidelines. Changes to the recipient's programme or itinerary must have the prior approval of Austraining International and the Department.
5. An offer is conditional upon a recipient obtaining confirmed enrolment, nomination or affiliation with a host organisation for 2015. Recipients must not commence their programme at their host organisation prior to 2015.
6. An offer is conditional upon a recipient obtaining an appropriate visa for their host country. The offer of a scholarship or fellowship does not guarantee the granting of a visa and it is the responsibility of the recipient to ensure they obtain the correct visa type and to meet any visa application costs. Recipients may be required to undertake a medical examination to satisfy health requirements for the issue of a visa for entry into their host country. Recipients will be advised of the visa process at the time of offer.
7. An Australian recipient's offer is conditional upon obtaining a satisfactory Australian Federal Police (AFP) National Police Check clearance. If the Department deems the clearance unsatisfactory, the offer and contract may be terminated.
8. The recipient's programme must be undertaken within their nominated host country. The only exception is fieldwork approved by the Department (see 10). Recipients are expected to return to their home country at the completion of their programme. Australian recipients cannot undertake their programme at an offshore campus of an Australian university with the exception of the internships component of the Endeavour Postgraduate Scholarship (Australians).
9. Recipients must not travel to a country or region of a country that is assessed by a Department of Foreign Affairs and Trade travel advisory at Level 4 ("Do not travel"), during their programme, without the express approval of Austraining International and the Department. Australian recipients must register and subscribe to the host country alerts with www.smartraveller.gov.au prior to commencement of their programme.
10. Fieldwork outside of a recipient's host country requires the approval of the recipient's host organisation, Austraining International and the Department. Stipend payments are not payable for the period that a recipient undertakes fieldwork in their home country except in exceptional circumstances. Any exceptional circumstances will be considered on a case by case basis. The total of all periods of fieldwork undertaken should be for no more than 50 per cent of the proposed programme duration and/or the total cumulative duration of all periods of fieldwork may be no more than one year.
11. The decision to accept an Endeavour Scholarship or Fellowship and travel overseas is the responsibility of the recipient. The Department and its agents will not be liable for any loss, damage, injury or harm that might be suffered during, or in connection with, the scholarship or fellowship programme. Recipients should make their own independent inquiries about the risks involved in overseas travel, and to the host country, and be fully informed about the risks at all times.
12. Recipients are responsible for all of the programme fees and charges that exceed their Endeavour benefits. Funding is limited to the duration stipulated for each Endeavour Scholarship and/or Fellowship category.
13. The recipient's offer and contract may be terminated at any time for misconduct, for failure to comply with the laws of the host country, for breaches of the conditions (including misuse of funds), for failure to abide by the rules of the host organisation and/or for failure to make satisfactory academic progress (where applicable).
14. The Department may temporarily suspend a recipient's programme when it is deemed appropriate to do so. Monthly stipends are not payable during periods of suspension.
15. Endeavour Postgraduate Scholarship (Australian) recipients are strongly encouraged to undertake an internship or work placement for a minimum two months and maximum 12 months duration full time (or the part-time equivalent duration). The Internship may be with more than one organisation. An internship approval form must be submitted and approved by Austraining International no later than one month prior to the completion of the study component. An internship should generally be undertaken after the study component. It may only be undertaken during the study under exceptional circumstances with approval from the Department.

There can be no more than one month maximum duration in between the completion of the study component and the commencement of an internship, except in exceptional circumstances with approval from the Department. Approval for more than three separate internships and/or internships of less than one month duration must be gained from Austraining, with final approval from the Department.

16. Postdoctoral recipients must have had their PhD conferred and obtained their final results prior to the commencement of their programme. Recipients who are unable to commence prior to 30 November 2015 will be required to withdraw from their programme.
17. Recipients must obtain permission from their host organisation and confirm the conditions of their visa in order to determine whether they are allowed to undertake paid employment during their programme. Endeavour Research and Executive Fellowship recipients are not permitted to work at any time during their programme except in exceptional circumstances with approval from the Department.
18. During their programme, recipients are not permitted to receive any other Australian Government sponsored scholarship or fellowship benefits (directly administered to recipients by the Australian Government). Recipients in receipt of an International Postgraduate Research Scholarship (IPRS) or Australia Postgraduate Award (APA) must adhere to the conditions placed on those scholarships.

I have read and understood terms and conditions 1-18 above and accept the offer for a 2015 Endeavour Scholarship or Fellowship.
