The *Fundación para el Futuro de Colombia* (COLFUTURO) and UNESCO-IHE Institute for Water Education share an interest in strengthening bilateral cooperation in the field of education between Colombia and The Netherlands and promoting stronger ties between the two institutions to increase the financial support available for graduate studies of Colombian students.

The purpose of this agreement is to foster cooperation and enhance the links between the two institutions through the provision of shared financing for talented Colombian students admitted to graduate degree programs at UNESCO-IHE Institute for Water Education, within the framework of a Joint Graduate Loan-Scholarship Program.

The Joint Graduate Loan-Scholarship Program will operate as follows:

1. Students in Colombia interested in this Joint Graduate Loan-Scholarship Program will seek admission to the graduate degree programs offered by UNESCO-IHE (Master's and Doctor of Philosophy Degrees), following the normal application procedures and meeting all the standard admission requirements (including official language tests) established by UNESCO-IHE.

4. Particularly, for those Colombians students admitted to the Master Program in Municipal Water and Infrastructure (Specialization in Sanitary Engineering Joint Double Degree Specialization - UNESCO-IHE & UNIVALLE), UNESCO-IHE will provide up to a total of fifteen (15) scholarships for an initial period of four (4) years distributed as follows: i) up to four (4) scholarships per academic year for the first three (3) academic years starting in the academic year 2012-2014 and finishing in the academic year 2014-2016, totalizing up to twelve (12) scholarships; and ii) up to three (3) scholarships for the fourth academic year 2015-2017. General Terms and Payment Scheme of COLFUTURO's Loan-Scholarship Program

1. COLFUTURO's financing system consists of a Loan-Scholarship of up to USD25.000 annually for a maximum financing of two years, or USD50.000.
2. The applicants for the Loan-Scholarship determine the amount to be requested from COLFUTURO in accordance with COLFUTURO's policies and procedures.
3. Successful applicants or beneficiaries of this program can use the Loan-Scholarship to cover the full or partial costs of their graduate studies abroad.
4. COLFUTURO's Loan-Scholarship is granted in US Dollars. All payments to beneficiaries (i.e, settling allowance and living allowance) are done in US Dollars but COLFUTURO can pay tuition to universities in other currencies. However, COLFUTURO beneficiaries have the obligation to assume any discrepancy, arising from foreign exchange fluctuations, between the US Dollar amount requested from COLFUTURO and the other currencies.
5. COLFUTURO's selection process for the Loan-Scholarship Program is done yearly. The on-line application becomes available by mid-January and applicants can start complying with documentary requirements beginning the first week of March up to the last working day of May. Results are published between the last week of June and the first week of July each year.
6. COLFUTURO notifies partner universities immediately regarding the results of the selection process by sending them the list of COLFUTURO beneficiaries admitted to their graduate degree programs.
7. Once students are selected and notified as beneficiaries of COLFUTURO, the latter arranges a meeting with the student to explain in detail, the terms and conditions of the Loan-Scholarship. The student who accepts these terms and conditions, decides the allocation of this Loan-Scholarship taking into account the maximum amounts mentioned in item 1. The beneficiary can allocate approved financial support on the following cost items:
 - Airfare
 - Settling Allowance (one time payment of up to USD2.000)
 - Tuition
 - Health insurance
 - Living allowance (up to USD1.300 per month. This amount can be increased by 25%, USD1.625, if student will travel with family)
 - Text books and computer allowance (maximum USD2.000 per year)
 - Debtors insurance
8. COLFUTURO clearly informs the beneficiaries, which of the above items are payable directly to them and to the universities or service providers.

J.C.

9. COLFUTURO pays annual tuition and fees (and health insurance, when this is included as part of the University's fees) directly to the universities in two installments:

For those beneficiaries who begin their programs during the second semester of the year,

- 1) First payment: November 15th, University must send invoice not later than October 31st
- 2) Second payment: March 15th, University must send invoice not later than February 28th

For those beneficiaries entering during the first semester of the year, the payment scheme is vice-versa, first payment in March and second payment in November.

10. The students are responsible for obtaining financial resources to cover other costs (that are not included in this Loan-Scholarship agreement) related to their program of study.
11. This loan turns into a partial scholarship when the student returns to Colombia and resides in the country for a pre-established period. In order to qualify for the scholarship ranging between 25% and 50% waiver of the loan, the student must comply with all the requirements previously agreed to with COLFUTURO. The loan component must be paid by the beneficiary on a monthly basis, upon his return to Colombia, according to the established amortization period, which cannot exceed a 5-year term. An additional 10% scholarship is given to beneficiaries who work full time for the government or an academic or research institution for a minimum period of one year.
