Annex 1
General Terms and Payment Scheme of COLFUTURO's Loan-Scholarship Program

1. COLFUTURO's financing system consists of a Loan-Scholarship of up to USD25,000 annually for a maximum financing of two years up to USD50,000.

2. The applicants for the Loan-Scholarship determine the amount to be requested from COLFUTURO in accordance with COLFUTURO's policies and procedures.

3. Successful applicants or beneficiaries of this program can use the Loan-Scholarship to cover the full or partial costs of their graduate studies abroad.

4. COLFUTURO's Loan-Scholarship is granted in US Dollars. All payments to beneficiaries (i.e., settling allowance and living allowances) are done in US Dollars but COLFUTURO can pay tuition to universities in other currencies. However, COLFUTURO beneficiaries have the obligation to assume any discrepancy, arising from foreign exchange fluctuations, between the US Dollar amount requested from COLFUTURO and the other currencies.

5. COLFUTURO's selection process for the Loan-Scholarship Program is done yearly. The online application becomes available by mid-January and applicants can start complying with documentary requirements beginning on March 1st and up to April 30th. Results are published between the last week of June and the first week of July each year.

6. COLFUTURO notifies partner universities immediately regarding the results of the selection process by sending them the list of COLFUTURO beneficiaries admitted to their graduate degree programs.

7. Once students are selected and notified as beneficiaries of COLFUTURO, the latter arranges a meeting with the student to explain in detail, the terms and conditions of the Loan-Scholarship. The student who accepts these terms and conditions, decides the allocation of this Loan-Scholarship taking into account the maximum amounts mentioned in item 1. The beneficiary can allocate approved financial support on the following cost items:

   Airfare
   Setting Allowance (one time payment of up to USD2,000)
   Tuition
   Health insurance
   Living allowance (up to USD1,300 per month. This amount can be increased by 25%, USD1,625, if student travels with family)
   Text books and computer allowance (maximum USD2,000 per year)
   Debtor's insurance

   COLFUTURO provides each beneficiary with a sponsorship letter indicating the total amount of the loan-scholarship.

8. COLFUTURO clearly informs the beneficiaries, which of the above items are payable directly to them and to the universities or service providers.
9. COLFUTURO pays annual tuition and fees (and health insurance, when this is included as part of the University's fees) directly to the universities in two installments:

For those beneficiaries who begin their programs during the second semester of the year,

1) First payment: November 15th, Student must submit the corresponding invoice not later than October 31st
2) Second payment: March 15th, Student must submit the corresponding invoice not later than February 28th

For those beneficiaries entering during the first semester of the year, the payment scheme is vice-versa, first payment in March and second payment in November.

10. The students are responsible for obtaining financial resources to cover other costs (that are not included in this Loan-Scholarship agreement) related to their program of study.

11. The students have financial responsibility towards the University; COLFUTURO will pay on their behalf. After the final payment is made by COLFUTURO, any outstanding balance, including those resulting from exchange rate fluctuations, must be covered by the student.

12. This loan turns into a partial scholarship when the student returns to Colombia and resides in the country for a pre-established period. In order to qualify for the scholarship ranging between 25% and 50% waiver of the loan, the student must comply with all the requirements previously agreed to with COLFUTURO. The loan component must be paid by the beneficiary on a monthly basis, upon his return to Colombia, according to the established amortization period, which cannot exceed a 5-year term. An additional 10% scholarship is given to beneficiaries who work full time for the government or an academic or research institution for a minimum period of one year.
